\$69.99/mo	\$99.99/mo	\$149.99/mo

On unlimited data plans, after 40, 60, 100 GB of data usage, we may prioritize your data behind other customers during network congestion. A one-time installation fee of \$149.99 applies to all plans. *Gold package is limited to 30 Mbps for existing Exede customers who upgrade to Viasat.

Unlimited data plans

If you've hesitated to purchase satellite internet because of data caps, the wait is over. Allamakee-Clayton Skyways now offers Viasat with unlimited plans.

Unlimited data plans let you do more of what you love to do online. That means more streaming music and video, downloading files, social media, news, sports, and weather. More of everything!

Still not sure?

We recommend picking the plan that fits your video viewing habits and budget.

- › **Gold 50:** Good for streamers who watch video on bigger TVs and want the best quality; families with many connected devices.
- › **Silver 25:** Good if you're OK watching shows in standard (DVD) definition. Looks good on laptops, phones, tablets, small TVs, and may be acceptable on larger TVs.
- › **Bronze 12:** Good for people who mostly tend to stream videos on their phone or tablet; smaller households that don't use many connected devices.

Remember, you can always upgrade to another available plan with no transition fee if the plan you're on isn't enough.

*Speeds and streaming video quality are “up to”, are not guaranteed and will vary. Service availability is determined by terrain and signal integrity. All offers may be changed or withdrawn at any time. Viasat is a registered service mark of Viasat, Inc.
