ELECTRIC CO-OP CAREERS

A career with a purpose

WHO WE ARE

Allamakee-Clayton Electric Cooperative is a community-focused organization that delivers safe, reliable and affordable energy to our member-consumers. ACEC is unique because we belong to the community we serve, giving us better insight into our member-consumers' needs.

It takes a variety of skills to develop new technologies and infrastructure, keep the electric grid secure, develop fiber internet and power the lives and economy of our local community. We're looking for individuals to lead the charge in meeting our community's energy needs and helping to create a brighter future for all.

TECHNICAL ROLES

If you enjoy planning, designing and managing technical facilities; working with computers; recording, producing and analyzing information; promoting the safety and well-being of people; deploying and maintaining fiber internet; and solving complex problems, consider one of our technical careers. These roles include:

- System planners
- Electrical and mechanical engineers
- Software system analysts
- GIS services supervisors
- Health and safety coordinators
- Information technology specialists

UTILITY OPERATIONS

If you enjoy building and maintaining technical equipment, working outdoors or solving mechanical problems, consider a career in utility operations. These roles include:

- Lineworkers
- Construction personnel
- Right-of-way maintenance workers
- Operations managers
- Vehicle/equipment mechanics
- Electrical equipment technicians
