## SAVE THE DATE FOR OUR ANNUAL MEETING DRIVE-THROUGH

Monday, September 9, 2024  
1:30-6:30 p.m.

ACEC Headquarters,  
229 Highway 51, Postville

*Check your mailbox this month  
for your Annual Report, which  
contains your ballot for directors!*

## FOUR REASONS TO VOTE

### IN CO-OP DIRECTOR ELECTIONS

Electric co-ops are led by the members they serve, which means you have a say in who governs our co-op. Here are four reasons why you should participate in director elections.

- 1 As a member of the co-op, your input matters.
- 2 Directors represent you on important energy-related issues.
- 3 Directors' decisions can impact electricity rates and future projects.
- 4 With convenient voting options available, it only takes a minute.

*Help shape our community's energy future  
by voting in the 2024 director elections*

## ENERGY EFFICIENCY TIP OF THE MONTH

Placing heat sources, such as lamps, computers or TVs, near your thermostat can result in false temperature readings, increased energy use and inconsistent cooling/heating. Make sure your thermostat is installed in an area clear of obstructions, electronic devices, direct sunlight and drafts.

Ensuring your thermostat is free from these types of interferences optimizes energy efficiency, improves indoor comfort and reduces wear and tear on your cooling/heating system.
