**ELECTRICAL
SURGE
PROTECTION**

Allamakee-Clayton Electric Cooperative has selected HomeServe as the trusted provider of surge damage protection programs in your area. HomeServe's authorized, locally-based network of contractors will promptly repair your covered electrical products in the event of a surge, with up to \$3,000 annually with multiple service calls (a 30-day waiting period includes a money-back guarantee) for covered repairs. Covered appliances, electronics, and electrical devices are protected, no matter how old they are.

While surge damage protection is not required, you can now protect yourself against potentially sudden and significant out-of-pocket expenses. For the low cost of only \$4.99 per month, you can avoid the costs of potentially hundreds of dollars if your electrical products need repair, plus enjoy greater peace of mind as a homeowner. Complete the form you received in the mail, or contact HomeServe at 833-334-1874.

If you are a contractor and want HomeServe to list your business on their contractor list, contact HomeServe at 833-334-1874 or the Co-op at 888-788-1551.
