

FULLY SUPERVISED

Pendants communicate with base station every 13 hours to ensure proper connection. Call Center is contacted in the event of a power outage, low battery or loss of pendant signal.

AUDIBLE PROMPTS

Audible prompts can be heard during system set-up, system programming, testing and full system check.

EMERGENCY CALL

Emergency call is placed by either pressing the 'EMERGENCY' button on the pendant or on the base unit.

BATTERY BACK-UP

Base unit includes rechargeable battery in the event of a power outage.

Are you concerned about a loved one's safety?

■ Of the 35 million Americans over 65, about 1 in 3 will fall in a given year.

■ Seniors are hospitalized for fall-related injuries 5 times more often than they are for other injuries.

■ 50% of people who fall require assistance from someone else to get up.
